PROFESSIONAL SUMMARY

An enthusiastic and detail-oriented Software Engineering student with a solid foundation in core computer science principles and a strong passion for frontend web development. Adept at building clean, interactive, and fully responsive user interfaces. Proven leadership capabilities through student governance and organizational management, dedicated to leveraging technical skills to solve real-world problems.

EDUCATION

Mekelle University Nov 2024 - Present

B.Sc. in Software Engineering (Ongoing)

- Relevant Coursework: Object-Oriented Programming (Java), Data Structures and Algorithms, Operating Systems, Computer Architecture, and Networking.
- Maintained strong academic performance while balancing extensive extracurricular leadership roles.

PROFESSIONAL EXPERIENCE

CodeAlpha Jun 2026 - Jul 2026

Frontend Development Intern

- Building clean, modern, and highly responsive user interfaces using HTML5, CSS3, and JavaScript.
- Implementing visual enhancements, transition animations, and user-centric layouts to optimize overall web interaction.
- Collaborating on structural feature deployments and leveraging version control systems (Git/GitHub) for source code management.

PROJECTS

Personal Portfolio Website

Frontend Development Task

Developer

- Designed and engineered a responsive personal portfolio site featuring structured sections for professional overview, interactive skills showcase, and automated contact portals.
- Styled using advanced CSS techniques including modern glowing effects, card layouts, hover physics, and typography scaling.
- Optimized for multiple viewports and successfully deployed using GitHub Pages.

TECHNICAL SKILLS

Core Languages: Java, JavaScript (ES6+), HTML5, CSS3

Concepts: Object-Oriented Programming (OOP), Data Structures, Algorithms

Tools & Systems: Git, GitHub, VS Code, Windows/Linux Environments

LEADERSHIP & CAMPUS INVOLVEMENT

Mekelle University Student Union

2026

Committee Coordinator & Deputy Chairperson

- Managed structural operations and successfully coordinated institutional cafeteria monitoring frameworks.
- Drafted formal executive guidelines, generated operational reports, and structured official student union documentation.
- Served as class representative, facilitating communication between the academic faculty and student body.
